- Software management.
- Customer service.
- Systems administration.
- Implementing/managing directory services.
- Troubleshooting.
- VPNs and proxies.
- Network security.

VOLUNTEERING

Mentor – Microverse (Remote)

Microverse

2023 - 2024

Guided students in coding projects and debugging code.
Assisted in understanding software development concepts.

STRENGTHS

Adaptability and Eagerness to Learn

I thrive in fast-paced environments and am always eager to learn new tools and technologies to enhance my skills and stay updated in the ever-evolving IT landscape.

Effective Communication

I can explain complex technical concepts in a clear and simple manner, making it easy for non-technical users to understand and implement solutions.

Creative Problem-Solving

I excel at identifying and troubleshooting technical issues, ensuring efficient and effective resolutions to support user needs.

EDUCATION

2023 - 2024 • Google IT Support Professional Certificate

Remote

Coursera

2022 - 2023 • Full-Stack Web Development Program

Remote

Microverse

SKILLS

Technical Support

Troubleshooting hardware, software, and network issues.

Operating Systems

Windows, macOS, and Linux.

SKILLS

Networking

Basic knowledge of TCP/IP, DNS, DHCP, and network troubleshooting.

Tools

Event Viewer, Task Manager, and remote support tools.

Communication

Strong ability to explain technical concepts to non-technical users.

CERTIFICATION

Google IT Support Professional Certificate

Focused on troubleshooting, networking, operating systems, system administration, and IT security fundamentals, provided by Google through Coursera

Data Analytics Professional Certificate

Emphasized data cleaning, visualization, and analysis using tools like SQL, Spreadsheets, Tableau, and R, provided by Google through Coursera

Software Development Bootcamp (Microverse)

Concentrated on full-stack development using JavaScript, React, Git, and collaborative remote programming with developers worldwide.

PASSIONS

✔ Helping Others Solve Technical Challenges

I am passionate about assisting users in overcoming technical issues and ensuring they can work efficiently without disruptions.

🚩 Coding Challenges

Enjoys participating in and organizing coding challenges, constantly seeking to improve problem-solving skills.

★ Continuous Learning and Growth

I am deeply committed to expanding my knowledge of IT systems, tools, and technologies to stay updated and provide the best support possible.
